4. Chairman of the BoD of PEF
Mr Demos D.**

SUBJECT: Pricing of new Medicines

Dear Mrs Vice President,

I kindly request the **prompt pricing of the remaining approximately 400 new – original and other medicinal products**, so that the convocation of the competent committee of “innovation” is expedited, for the issue of the relevant Prices Bulletin.

The most possible dates for the convocation of the above Committee are: the first one in the first week of November (for approximately 200 medicinal products) and the second in the first week of December.

Consequently, with the issue of **two (2) consecutive supplementary Prices Bulletins** it will be possible to smoothen the waiting period for many new medicinal products and it will be possible to fulfill our relevant commitment to all agencies involved, and to perform our obligation as regards the compliance with the law.

Yours sincerely

**The GENERAL SECRETARY
OF PUBLIC HEALTH**

CHR. PAPANIKOLAOU
