Subject: Settlement of outstanding debts of EOPYY to pharmaceutical companies

Chalandri, December 6, 2013

Dear President Sir,

To our great surprise we read the Press Release that EOPYY issued yesterday, according to which the settlement of the outstanding debts of the Organisation towards Health Suppliers that amount approximately to Euro 500 m., progresses.

More specifically, while the pharmaceutical companies are explicitly included in the beneficiaries, nevertheless, no pharmaceutical company is mentioned in the allocation of the amounts. In addition, while it is announced that the outstanding debts to health suppliers for June and July 2013 will be settled, there are still outstanding debts of EOPYY to pharmaceutical companies since November 2012!

Taking into account the fact that the EOPYY's goal is to timely settle its debts towards its suppliers, we kindly request that the payment flow of the outstanding debts of EOPYY to pharmaceutical companies is promptly restored, in a manner so as to allow them to reach the settlement percentage corresponding to other providers, i.e. the prompt settlement of outstanding debts up to June 2013.

Yours sincerely,

Costas Eyripides
Vice President

Fotis Mangaloussis
General Manager
